

«Russian Winter 2017»

Children and adult amateurs competitions on figure skating

16 – 19th of February 2017

Information Letter #6

Dear participants of Russian Winter 2017!

1. There is a small clarification regarding category **Improvisation-Children**:
Registered participants should listen a melody 1-1,5 hours in advance in a hall (the schedule of listening will be available later in Competition time schedule or/and Start list).
The participant should listen a melody during 20 min and create a program with obligatory elements for his category. Then he will perform it in front of judges according to the Start list.
The coach/his representative/parent **can help** to create a program during listening of music.
2. There is a list of registered participants below. There are some participants, who should pay according to punitive sanction till 28/01! Please, do not forget to do it! If there are some mistakes or misprints, please inform the Organizing Committee by sending email to silver-dream@inbox.ru
